

Product Line Card

Equipment. Materials. Expertise.

AUTOMATION

AccuAssembly

*Bartector traceability and set up verification.
AccuStock automatic reel storage system.

TOOLS & WORKSTATIONS

ACL Staticide

A worldwide leader of highly regarded static control products.

TOOLS & WORKSTATIONS

AGI Corporation

Stencils, Pallets, Fixtures, Tooling, Storage Carts, Functional Test Fixtures and Build to Print Services.

TOOLS & WORKSTATIONS

Aven Tools

*High Precision Hand Tools and Optical Inspection Systems.

AUTOMATION

Cencorp Automation

Batch, Inline, Laser Depaneling. Laser Marking, Cutting, Welding. Odd-Form and Final Assembly work cell solutions. In Line and Batch Testing Solutions.

MATERIALS & PROCESS

DCT Cleaning

A comprehensive solution for Cleaning machines, fluids, hand-sprays, and process controls for all associated cleaning applications.

INSPECTION & TEST

Digitaltest

*Flying Probe Testers, First-class Electronic-Board Test Systems, and Electronic Manufacturing Software.

AUTOMATION

Elmotec

Robotic soldering platforms and automated soldering solutions.

AUTOMATION

Fuji America

*The World Wide Industry Leader in electronics manufacturing.

Product Line Card

TOOLS & WORKSTATIONS

Hakko

*Soldering, Desoldering and Rework Stations, Fume Extraction, Solder Pots, and Hand Tools.

MATERIALS & PROCESS

Heller Industries

The market leader in Reflow Oven Technology, supplies solutions for electronics manufacturers and assemblers worldwide.

MATERIALS & PROCESS

Indium Corporation

Global solder supplier specializing in solder products and paste for electronics assembly materials.

SOFTWARE & TRACEABILITY

Intratio

Automated traceability, quality, process control, MES, and yield management for advanced manufacturing.

AUTOMATION

Keiron Technologies

Digital, contactless solder paste application using laser-induced forward transfer technology.

MATERIALS & PROCESS

KIC

*Smart Technology Solutions for reflow oven and wave solder thermal process management and profiling.

INSPECTION & TEST

Peco InspX

X-ray inspection, fill-level detection, and product inspection systems for manufacturing and packaging lines.

AUTOMATION

Pillarhouse

*Global Industry leading selective solder equipment and training.

AUTOMATION

PVA

*World Class Dispensing, Conformal Coating, and custom Automation. **Michigan only.**

Product Line Card

INSPECTION & TEST

QA Technology

*Industry leading Test Probes for in-circuit testing, and interfacing test fixtures to automatic test equipment.

AUTOMATION

Simplimatic

*American made Conveyors, Workstations, Specialized Handling Equipment and Automation.

MATERIALS & PROCESS

SouthTek Systems

On-demand in-house Nitrogen generation systems. These US made systems are a safer, smarter and more cost-effective solution.

INSPECTION & TEST

VCcount

Advanced X-ray counting solutions for challenges in SMT and SMD production. DISCOVER the INVISIBLE.

INSPECTION & TEST

Viscom

*Solutions and systems for all inspection tasks in the electronics industry. 3D SPI, 3D AOI, 3D AXI, 3D X-ray, 3D Wire Bond, CCI, Battery and vAI.
